

October 4, 2023

Fellow colleagues,

It is with great pride and immense pleasure to honor and celebrate Marty Mosely who has played a pivotal role in transforming our organization.

In our organization's history, there have been times when we faced challenges and uncertainties that seemed insurmountable. It was during such a critical juncture that Marty took the helm as our President, and under his leadership, our organization has experienced a profound and positive transformation.

When Marty assumed the role of President, he was faced with a myriad of complex issues, and an organization that was struggling. But, instead of shying away from these challenges, Marty embraced them with unwavering determination and a vision for excellence.

Over the course of his tenure, Marty has implemented a series of initiatives that have not only modernized our organization but have also elevated it to new heights. He recognized the disconnect within our organization, and he tirelessly worked to bring our organization back together again.

Moreover, Marty championed inclusivity and collaboration within our chapters, fostering an environment where every voice is valued and heard. His commitment to professional development and leadership has empowered countless individuals within our organization to reach their full potential.

Perhaps most notably, Marty understood the importance of NYSBOC's legislative efforts. He actively sought out and increased the membership of our legislative committee. He fostered several relationships with Senate and Assembly members, bridging the gap between our organization and the New York State Legislature. He not only gained their trust but has also made them partners in our journey towards progress. He has made NYSBOC a known name in the legislature.

As we honor Marty as the "Code Official of the Year," we must also acknowledge the countless hours of hard work, the sleepless nights, and the unwavering dedication that have brought us to this moment. Marty serves as an inspiration to us all, a beacon of leadership, and a testament to what can be achieved when one person's vision is aligned with the greater good of the organization.

In closing, let me express my profound gratitude to Marty for his exceptional leadership, his dedication to our organization, and his unwavering commitment to upholding the highest standards of our organization.

Congratulations, Marty, on being named the "Code Official of the Year." Your legacy will continue to guide and inspire us for years to come. Thank you for your outstanding service.

Steven L. McDaniel, CPCA
NYSBOC Past President, and Historian
